 Pebble Size 1.5" – 2" (3.8 – 5cm)
 Thickness .25" (.64cm)
 Application Exterior/Interior

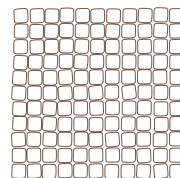

Sodalite is a natural product, subject to variation in color. During the manufacturing of mosaics, the tiles are hand sorted into matching colors and individually glued onto mesh backing. The sheets of tile can be trimmed to any shape and are flexible to allow contouring when necessary. It is not unusual to find occasional flaws, veins, and lines of separation within the tiles. The variation is considered to be a desired feature in the product.

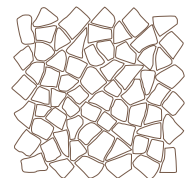

Available in the Standard Tile, Standard Mosaic, and Zig-Zag interlocking system

Standard Tile
